As the Bangalore & Mysore Dt Bds, and the D.H.Q. Metes other than Hassan & Shimoga have not adopted the system, the arrangement experimented may be tried for a year more temporarily, and the question of making it permanent may be considered in Jan 1937. The two Bds & the D.H.Q. Metes which have not given effect to the orders may be asked to do so immediately; and a further report as to the working of the arrangement may be required to be sent by the Comptroller before the end of Dec 1936.

SIR

I have the honor to state that in their order No L 5920-39/ 1 1[illegible]-33-21 dated the 5th February 1934 Government approved the proposal of this office regarding the use of stamped receipt books in the District Board and Municipal Offices with a view to enforce the issue of stamped receipts by them for all receipts for amounts in excess of R20/- It was further directed that the system be tried as an experimental measure for one year with effect from the 1st March 1934 in the two City Municipalities the Davangere Town Municipality and the Bangalore and Mysore District Boards and that a report be sent up to Government by this office regarding the working of the arrangement and the desirability of its continuance or otherwise Vide paras 2 and 4 of the said order

2 From the particulars collected through the local auditors it is understood that the order was brought into effect from the 14th March 1934 in the Bangalore City Municipality and from July 1934 in the Mysore City Municipality The total number of receipt books of various forms (Forms 18 20 28 and 60 A I) got embossed with one-anna receipt stamps was 265 of a total value of R57-8-0 in the former, the total number of books actually used out of the above number between the 14th March 1934 and June 1935 being 231 of the value of R[illegible]84-8-0 In the Mysore City Municipality out of a total number of 99 books of the value of R287-8-0 got embossed with one-anna receipt stamps between July 1934 and 27th June 1935 [illegible]60 books of the value of R 187-8-0 were actually

actually used The system is working satisfactorily

3 The system has been introduced in the Davangere Town Municipality also The exact date from which it was introduced and the particulars of books got embossed and used are not available But the system is reported to be working satisfactorily in this Municipality also

4 The District Boards of Bangalore and Mysore have not however introduced this system

5 With a view to enforce the use of stamped receipts in the case of all payments exceeding ₹20/- the system may be made perrmanent in all the above three municipalities as it has been working satisfactorily It may also be introduced with advantage in all the town municipalities It may not be necessary to extend it to the minor municipalities as the cases in which they will have to issue stamped receipts cannot be many and receipt stamps can be purchased and affixed in such cases

6 In the interest of stamp revenue it is also desirable that all the District Boards are asked to adopt this system without further delay

I have the honor to be
Sir
Your most obedient servant

Comptroller
